SUMMARY

Result-Driven CSE student with practical experience in full-stack web development and AI applications design, demonstrated through projects like Krishi Sakhi, an AI based farming assistant with image recognition and multilingual support. Completed internship in Python Programming and Web Development, strengthening skills in problem-solving, DOM manipulation, and cross-browser compatibility. Combines technical proficiency in the MERN stack with proven soft skills in event management and communication, gained through active roles in college volunteering and cultural initiatives.

EDUCATION

Dr. A.P.J Abdul Kalam Technical University, Lucknow
Bachelor of Technology in Computer Science and Engineering, (CSE)

August 2024 - June 2028

Quba International School, Jaunpur
Senior Secondary Education - **Science (PCM)**

May 2023 - May 2024
Percentage : 80%

EXPERIENCE

Python Programming Intern - CodSoft Technologies

September 2025 - October 2025

- Designed and executed multiple project-based assignments to strengthen problem-solving and coding skills.
- Automated recurring tasks and improved application functionality using Python libraries and modules.
- Collaborated in a remote development environment, consistently meeting project deadlines and coding standards.

Web Developer Intern : EIS Technology

May 2026 - June 2026

- Developed 5+ responsive web pages using HTML, CSS, and JavaScript, improving mobile compatibility across devices.
- Worked on front-end development tasks, ensuring cross browser usability and mobile responsiveness.
- Utilized **JavaScript for DOM manipulation**, from validation and dynamic content rendering.

PROJECTS

Krishi Sakhi | An AI Powered Personal Assistant for Farmers

Tech Stack : JavaScript, React, Node.js, APIs, Database | [Live Demo](#) | [GitHub Repo](#)

- Built an AI-powered agricultural assistant using React, Node.js, integrating external APIs to deliver location-based weather forecast, crop recommendations, and government scheme informations.
- Developed an image-analysis module for crop diseases and crop identification to support early problem detection.
- Designed a multilingual interface supporting text, voice, and image-based interactions, improving accessibility for non-English-speaking users.

Personal Portfolio Website | Modern Personal Portfolio Website using Frontend Development

Tech Stack : HTML5, CSS3, JavaScript | [Live Demo](#) | [GitHub Repo](#)

- Formulate a responsive and modern personal portfolio website to showcase projects, technical skills, certifications, and achievements.
- Implemented responsive design principles to ensure compatibility across mobile, tablet, and desktop devices.
- Created dedicated sections for projects, educations, skills, internship, and contact information.

CERTIFICATIONS

- KASCADE 2025 - Participated in a National Level technical event organized by **IIT Kharagpur**.

LEADERSHIP & VOLUNTEERING

Volunteer, Koshish (Student-Led Nonprofit)

October 2024 - May 2025

- Volunteered with Koshish, a student-led-non-profit educational organization dedicated to providing quality education and mentorship to **underprivileged students**.
- Mentored 20+ students through academic support sessions and guidance programs.
- Supported **Udaan - A district level examination in REC Ambedkar Nagar**, and **Abhyuday - A cultural fest**, we engage students in other curricular activities other than study.
- Gained leadership, teamwork and interpersonal communication skills while working in a socially impactful environment.

Member, Cultural Council

September 2025 - Present

- Actively contributing to the planning, coordination and execution of cultural events, festivals, and college celebrations.
- Collaborated with council members to organize **inter-college and intra-college events**, increasing students participation and engagements.
- Assist with event **logistics, budgeting, scheduling, and venue coordination**.

ADDITIONAL INFORMATION

- Languages** : C, C++, Python, JavaScript, Java
- Framework/Libraries** : React, Node.js, Express.js
- Databases** : MongoDB, MySQL
- Tools** : Git, GitHub, VS Code, Netlify, Vercel, MS Excel
- Other** : Data Structure & Algorithm, OOP, REST APIs, Agile, AI/ML Basics, Communication, Event Management
- Hobbies** : Cricket, Volunteering, Travelling
