EDUCATION

Dr. A.P.J Abdul Kalam Technical University, Lucknow

Bachelor of Technology in Computer Science and Engineering, (CSE)

August 2024 - June 2028

Quba International School, Jaunpur

Senior Secondary Education - **Science (PCM)**

May 2023 - May 2024

Percentage : 80%

PROJECTS

Krishi Sakhi | An AI Powered Personal Assistant for Farmers

- Tech Stack - JavaScript, React, Node.js, APIs , Database
- Built an AI-powered agricultural assistant using React, Node.js, and external APIs to provide weather forecasts, crop recommendations, disease detection, and government scheme information for farmers. Integrating real-time weather forecasting to provide location-based weather updates and farming advisories.
- Implemented crop diseases and crop identification using image analysis to assist farmers in early problem detection.
- Designed a multilingual user Interface supporting text , voice and image-based interactions for improved accessibility.

Profile Portfolio Website | Modern Personal Profile Portfolio Website using Web Development

- Developed a responsive and modern personal portfolio website to showcase projects, technical skills , certifications , and achievements.
- Designed an intuitive and user friendly interface using modern web development technologies.
- Implemented responsive design principles to ensure compatibility across mobile , tablet , and desktop devices.
- Created dedicated sections for projects, educations, skills , internship, and contact information.

CERTIFICATIONS

KHISITJ 2025 | Has been participated in KASCADE organized by **IIT Kharagpur**.

Python Programming Intern : CodSoft Technologies

- Designed and executed multiple project based assignments to strengthen problem-solving and coding skills.
- Worked with **Python libraries and modules** to automate tasks and improve application functionality.
- Collaborated in a virtual development environment while following projects deadlines and coding standards.

Web Developer Intern : EIS Technology

- Developed 5+ responsive web pages using HTML, CSS, and JavaScript, improving mobile compatibility across devices.
- Worked on frontend-end development tasks, ensuring cross browser compatibility and mobile responsiveness.
- Utilized **JavaScript for DOM manipulation** , from validation and dynamic content rendering.

VOLUNTEERING ACTIVITIES

Koshish | A Non-Profitable Educational Organization

October 2024 - May 2025

- Volunteered with Koshish, a student-led-non-profit educational organization dedicated to providing quality education and mentorship to **underprivileged students**.
- Mentored 20+ students through educational support sessions and academic guidance programs.
- Being a part of **Udaan - A district level examination in REC Ambedkar Nagar** , and **Abhyuday - A cultural fest** , we engage students in other curricular activities other than study.
